Re: Formal Approval of Form and Amount of Replacement Reclamation Surety, ECDC Environmental, LC, ECDC Clay Mine, M/015/062, Emery County, Utah

Dear Mr. Olson:

On July 14, 1999, the Associate Director of the Division of Oil, Gas and Mining formally approved the form and amount of replacement reclamation surety and Reclamation Contract for ECDC Environmental LC's, ECDC Clay Mine. The reclamation surety in the amount of \$24,100 is in the form of a surety bond # _____ issued by National Fire Insurance Company of Hartford. This surety replaces surety bond # _____ issued by United Pacific Insurance Company, which was going to be canceled effective 8/13/99. The Division hereby grants its final approval of this replacement reclamation surety.

Enclosed please find copies of the fully signed and executed Reclamation Contract and surety bond forms for your files. We are also enclosing the original United Pacific Insurance Company surety bond # _____, and the original existing Reclamation Contract with the effective date of 10/19/98 for your disposal or return to the surety company.

On June 9, 1999 we received a replacement surety which had several errors that our legal council would not accept. The surety company issued another surety with corrections made which was received June 28, 1999. We will return the June 9, 1999 copy to National Fire Insurance directly.

ECDC Enviromental
M/015/062
